

PROFILE

Innovative Full Stack Developer (MCA) passionate about building end-to-end web applications driven by real-time connectivity and Generative AI. Skilled across Java, JavaScript, RESTful APIs, MongoDB, and automated web workflows. Adept at turning complex requirements—from location-based mechanics searching to automated ATS analysis—into clean, functional software solutions.

SKILLS

Programming lang: c, c++, java, python | **Frontend:** HTML, CSS, JavaScript, ReactJS | **Backend:** Node.js, Express.js, | **Database:** MongoDB, MySQL | **API Development:** RESTful APIs | **Tools & Platforms:** Git, GitHub, Postman, JWT Authentication, Vite, Axios | **Generative AI & LLM Integration:** LLM API Integration (Google Gemini API, OpenAI API), Prompt Engineering, Automated Content & Proposal Generation

PROJECTS

- ResumeForge AI, AI-Powered ATS Resume Builder**
- **Technologies:** ReactJS, Node.js, Express.js, MongoDB, Google Gemini API, Puppeteer
 - Built an ATS optimizer using Google Gemini to match resumes with job descriptions, score relevancy, and generate PDFs using Puppeteer.
- Local Mechanic Finder, Real-Time GeoSpatial Service Platform**
- **Technologies:** ReactJS, Node.js, Express.js, MongoDB (2dsphere), Socket.io , Google Maps API
 - Developed a location-based app connecting users to nearby mechanics (<10 km radius) using GeoSpatial queries and Socket.io real-time alerts.
- Client Finder Application, AI Lead Generation & CRM Tool**
- **Technologies:** ReactJS, Node.js, Express.js, MongoDB, Playwright, Google Places API
 - Built an automated lead finder that discovers businesses via Google Places, scrapes sites with Playwright, and uses AI to score leads and write proposals.
- PediaCare, AI-Integrated Clinical Management System**
- **Technologies:** ReactJS, Node.js, Express.js, MongoDB, OpenAI API
 - Created a pediatric clinic platform managing appointments, medical records, AI-driven diet plans, and interactive patient assistance.

CERTIFICATION

- Java Full Stack Development, Greens Technology, Chennai**
- Successfully completed an industry-oriented certification program covering Core Java, Spring Boot, RESTful API development, MySQL, MongoDB, ReactJS, and Node.js.
 - Gained practical exposure through end-to-end full-stack application development, API integration, and deployment, simulating real-time project environments.

EXPERIENCE

- Global Techno Solutions, Intern**

Key Responsibilities:

 - Developed and tested web applications using Java, Spring Boot, HTML, CSS, and JavaScript.
 - Designed and implemented RESTful APIs for backend services.
 - Assisted in building responsive UI components and integrating them with backend logic.
 - Collaborated in an Agile environment with regular stand-up meetings and sprint reviews.
- 08/2023 – 12/2023

EDUCATION

MCA, Saveetha college of liberal Arts And Sciences	2024 – 2026
BSC(computer Science), Saveetha college of liberal Arts And Sciences	2021 – 2024
Higher Secondary Education, Jaya Matriculation Higher Secondary School	2020 – 2021

LANGUAGE

English | Tamil
